Corporate Resource Solutions, LLC

At Corporate Resource Solutions, LLC we have the right hands-on experience when it comes to helping small government contractor companies achieve operational success. Through our innovative management solutions, our customers gain the advantage of improved bottom lines in the areas of operational efficiency, reduced overhead costs, and advanced staff knowledge right from the start.

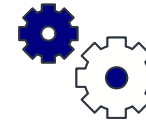

flexible solutions for your business needs

COMPLIANCE MANAGEMENT

Let our experienced staff answer your compliance questions, manage your annual training requirements, prepare required labor reports, and design process efficiencies to meet the ever-changing compliance requirements of OFCCP, EEOC, FLSA, ERISA, EEOC, FMLA, OSHA, ADA, Service Contract Act, etc. We know HR compliance and the best proven process efficiencies to help you succeed.

PROCESS MANAGEMENT

Whether you prefer a custom system implementation or minimal hands on process consultation, we have the right solution for you. With implementation experience of various HR database systems, recruiting systems and applicant tracking systems, we design your manual processes or advanced technology solutions with the most efficiency to simplify your reporting requirements.

CUSTOM SOLUTIONS

We work with each customer individually to provide the best possible solutions and services at the most competitive prices.

WEB SOLUTIONS

Since many businesses today use the web to streamline business operations functions and to communicate to employees, our services offer a unique advantage. We help you create and maintain efficiencies for your own customers.

QUALITY COMMITMENT
